**For Convenience and Peace of Mind;  
Humana's Group Medicare PPO Plan**

Dear Group Medicare Beneficiary:

One of the most important decisions you'll make for your future involves your health benefits. You want a plan that fits your lifestyle, gives you the coverage you need and is easy to understand. That's why your benefits administrators have teamed up with Humana and are now offering you an option that does all of that – and more! Effective January 1, 2010, you will have your medical and prescription coverage through Humana's Group Medicare Employer Preferred Provider Organization (PPO) Plan, a Medicare Advantage program.

Because you live within the service area as described in the enclosed Group Medicare PPO Summary of Benefits, you will have coverage in the Humana Group Medicare PPO Plan. To be eligible you must have both Medicare Part A and Part B.

Humana has a broad network of primary care doctors, specialists, and hospitals. However, the Humana Group Medicare PPO Plan allows you to access any provider or facility in or out of the Humana network. You don't need a referral to see any doctor.

**Your Humana coverage includes:**
